OBJECTIVE

Emerging landscape designer with experience in landscape design, client relationship management, & site analysis. Passionate about sustainable and contextually relevant environmental design. B.A. in Environmental Studies from Tulane University and M.L.A from University of Colorado Denver. Currently working toward certification. Looking for a full-time landscape designer position with room to grow towards project management.

PROFESSIONAL EXPERIENCE

Thrive Landscape and Design Denver, CO
Landscape Designer April 2020 - Current

- Leads design process for high end residential projects in and around Denver Colorado
- Prepares Design and Construction documents which include layout, planting plans, construction details, technical specifications, and cost-estimates
- Manages client relationships and communication through design phase

Miller Company Landscape Architects San Francisco, CA
Design Intern Summer 2019

- Created comprehensive site-analysis document detailing and prioritizing future improvements to Buena Vista Park
- Identified areas of interest for future programmatic development and designed preliminary interventions
- Organized and edited planting plans and reference documents for multiple projects in the Bay Area

TMG Consulting New Orleans, LA
Intern August 2016 - January 2017

- Aided in the outreach, advertising, and planning of the Baton Rouge Metropolitan Airport 11th Annual Business Opportunities Workshop
- Active in generation of Economic-Demographic reports

Sharon Hill Daycare Cincinnati, OH
Implementation Manager Summer 2016

- Ensured compliance with Step-Up-to-Quality rating system including updated curriculum, teacher support tools, and improved spatial design of environment (internal/external).
- Established on-site garden to ensure access to healthy, locally grown food for students and family, and provide hands-on environmental learning.
- Created library to promote representation, empowerment, and health.
- Implemented child yoga program as alternative solution to discipline for early childhood behavioral issues
